

## "DANDERINE" FOR FALLING HAIR

Stop dandruff and double  
beauty of your hair  
for few cents.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it!

"She can bake and she can brew,"  
"Brew?" said the colonel. "Brew,  
eh? That's worth looking into."

About the greatest drawback to a  
man's happiness is himself.

## Calomel Users! Listen To Me! I Guarantee Dodson's Liver Tone

Your druggist gives back your money if it doesn't  
liven your liver and bowels and straighten  
you up without making you sick.

Ugh! Calomel makes you sick. It's  
horrible! Take a dose of the dangerous  
drug tonight and tomorrow you may  
lose a day's work.

Calomel is mercury or quicksilver  
which causes necrosis of the bones.  
Calomel, when it comes into contact  
with sour bile, crashes into it, breaking  
it up. This is when you feel that awful  
nausea and cramping. If you are slug-  
gish and "all knocked out," if your  
liver is torpid and bowels constipated  
or you have headache, dizziness, coated  
tongue, if breath is bad or stomach  
sour, just try a spoonful of harmless  
Dodson's Liver Tone tonight.

Here's my guarantee—Go to any  
drug store and get a bottle of Dodson's  
Liver Tone for a few cents. Take a

spoonful and if it doesn't straighten  
you right up and make you feel fine  
and vigorous I want you to go back to  
the store and get your money. Dod-  
son's Liver Tone is destroying the sale  
of calomel because it is real liver  
medicine; entirely vegetable, therefore  
it cannot salivate or make you sick.

I guarantee that one spoonful of  
Dodson's Liver Tone will put your  
sluggish liver to work and clean your  
bowels of that sour bile and consti-  
pated waste which is clogging your  
system and making you feel miserable.  
I guarantee that a bottle of Dodson's  
Liver Tone will keep your entire fam-  
ily feeling fine for months. Give it to  
your children. It is harmless; doesn't  
gripe and they like its pleasant taste.

## DAIRY FACTS

### NEW PURE-BRED CALF CLUBS

Distinction of Having Largest Organi-  
zation in United States Claimed  
by Wisconsin.

(Prepared by the United States Depart-  
ment of Agriculture.)

Wisconsin claims the distinction of  
having the largest boys and girls' calf  
club in the United States. The Winne-  
bago County Calf club, organized by  
the county agent, already has 100  
members.

It is being backed by the banks, the  
county superintendent of schools, the  
county agent, the secretaries of the  
breeders' associations, the officials of  
the County Fair association and the  
state leaders of young people's clubs.  
Any boy or girl can become a member  
of the club by owning and caring for a  
pure-bred or high-grade heifer calf or  
a pure-bred bull calf. The banks are  
furnishing credit to any of the juniors

who need funds with which to pur-  
chase their calves.

The new calf club project is being  
promoted in conjunction with the pure-  
bred sire campaign. The 100 calves  
now being fed by the boys and girls  
were secured from Winnebago county  
breeders.

### DEMAND FOR DAIRY PRODUCE

Bureau of Markets Will Furnish Plans  
for Stimulating Greater  
Consumption.

(Prepared by the United States Depart-  
ment of Agriculture.)

The bureau of markets of the de-  
partment of agriculture announces that  
it is prepared to furnish local organi-  
zations complete plans for campaigns  
to stimulate the consumption of dairy  
products in cities. A campaign at Se-  
dalia, Mo., was conducted in February  
through the co-operation of the cham-  
ber of commerce, the women's division  
of the council of national defense, the  
state college of agriculture and other  
local organizations. Last year cam-  
paigns conducted by the department to  
encourage the use of dairy products  
were held in Boston, Detroit, Des  
Moines, Minneapolis and St. Paul. At  
Des Moines after a week's campaign  
the demand for milk became greater  
than dealers were able to meet. At  
another city a dealer who was market-  
ing about 850 pounds of cottage cheese  
each week increased his sales to 850  
a day, and in other cases much  
skimmed milk that had been going to  
waste was converted into cottage  
cheese and found a ready market.

### INDIGESTION CAUSES SCOURS

Calf Affected Has Been Overfed, Been  
Given Milk That Was Sour, or  
Pails Were Dirty.

When the calf gets scours it is an  
indication that something is wrong  
with the feeding. It has either been  
overfed, been given milk that is sour  
or cold, been fed sweet milk one meal  
and sour the next, or the pails or  
troughs are dirty. Indigestion is the  
cause of scours, so in treating the  
trouble the first thing to do is to cor-  
rect the conditions that brought on  
indigestion. Then give a dose of castor  
oil in milk and follow with the  
formalin treatment. This consists in  
giving one tablespoonful of formalin  
solution, made by adding one-half  
ounce of formalin to 15½ ounces of  
water, in each pint of milk fed. Only  
half the usual amount of milk should  
be given at a feed for a few days,  
when the amount can be increased to  
normal again. There are other reme-  
dies but this has been highly recom-  
mended.

### TEST COW FOR TUBERCULOSIS

Law Makes It Compulsory in Dis-  
trict of Columbia—Big Decrease  
of Disease Noted.

(Prepared by the United States Depart-  
ment of Agriculture.)

In the District of Columbia it is com-  
pulsory to test dairy cattle for tubercu-  
losis. The law was passed in 1909.  
During the year which followed 1,701  
cattle in the District were tested, and  
19 per cent were found to have tuber-  
culosis. In 1918, 1,206 cattle were tested  
and less than 1 per cent was found to  
have the disease. Since 1914 not more  
than 2 per cent of the dairy cattle in  
the District have been found to be dis-  
eased. This illustrates what systematic  
effort will do in the tuberculosis fight.

### BLIND MAN POULTRY FANCIER

Missourian Has Made Success of the  
Work, Despite Handicap Which  
Would Seem Insurmountable.

Blind Edward Jones of Jefferson  
City, Mo., has made a record in keep-  
ing poultry which many who have  
eyes have not equaled. Moving among  
his birds, which seem to understand  
how he is handicapped, and guided  
only by his sense of touch, he per-  
forms his daily work. He has built  
his own poultry house and brood  
coops, and has hatched and raised all  
his chicks. Blindness does not pre-  
vent him from culling his flock. The  
birds not intended to be kept are mar-  
keted as broilers, and the others are  
kept for the production of winter  
eggs.

Mr. Jones attended every poultry  
meeting held in his section last fall.  
He is now trying to organize a poultry  
club for blind people, and the home  
demonstration agent in the county  
has volunteered to read to the mem-  
bers the publications on poultry sent  
from the United States department of  
agriculture.

### Nonexistent.

"What's your notion of an ideal hus-  
band?"  
"A man who lets his wife have the  
last word in hats, gowns and argu-  
ments."

The Pleasures of Travel.  
"Wa-al-p'u—no," said the ancient  
Arkansawyer, "I hain't never did much  
of what you'd call traveling. I was 97  
years old last grass; born and raised  
right here in Shagbark township, and  
hain't been outside of the county but  
once. That was when I was about 39  
years old. I went over to Torpidville,  
and they just nacherly took and start-  
ed to lynch me the minute I got in  
town, for something or nuther, I never  
did find out what. One foot was al-  
ready in the air and the other bare-ly  
touching the ground when some fel-  
low came running and hollered that  
they were making a mistake—I wasn't the  
guilty party a-tall. As soon as they  
turned me loose I lit out for home in  
the crow flies, and I hain't done no  
traveling to speak of since. I always  
figgered that on the next occasion the  
teller that knowed it was a mistake  
might not get there in time to do me  
any good."—Judge.

### The Result.

"The police suspected a blind tiger  
in the building, so they raided a sus-  
picious photograph gallery."

"Ah! a case of arrested develop-  
ment."

### Quite Acceptable.

"This star says she cannot bear any-  
thing gross to come near her."  
"She does, does she? How about the  
gross receipts?"
